

Please do NOT weaken New Jersey's Do Not Call law. Thanks to the strict law, I now answer my phone again, rather than letting the answering machine pick it up. Telemarketers have numerous other ways to get business, such as direct mail. We need a law to protect us from that and that waste of paper. As it is they have a right to our credit card records to see what we purchase and to see if we have bought homes recently. Catalogue companies can sell our address to other catalogue companies. The Do Not Call List law is our only defense. Please keep it that way and don't make any changes to it.

Thank you,

Carol Fletcher
